

2020 Noxious Weed List

The Minnesota Noxious Weed Law (Minnesota Statutes 18.75-18.91) defines a noxious weed as an annual, biennial, or perennial plant that the Commissioner of Agriculture designates to be injurious to public health, the environment, public roads, crops, livestock, or other property. The law protects residents of the state from the injurious effects of noxious weeds. Links to the online lists and species pages can be found at this link: Minnesota Noxious Weed List

Prohibited Noxious Weeds

Attempts must be made by all landowners to control or eradicate species on these lists. These species cannot be transported illegally or sold in Minnesota. There are two Prohibited categories: Eradicate and Control.

Prohibited Eradicate – Must be eradicated by killing the above and below-ground parts of the plant.

County Noxious Weeds

M.S. 18.771(e.) County Noxious Weeds are plants designated by county boards to be enforced as prohibited control noxious weeds within the county's jurisdiction and must be approved by the Commissioner of Agriculture. Counties are solely responsible for enforcement. Contact your local County Agricultural Inspector or Designated Employee for more information on County Noxious Weeds and the process for adding species to a County Noxious Weed List. Please visit the County Approved Noxious Weeds page for a list of counties with designated county noxious weeds.

Local Ordinances

Townships and municipalities can also use their local ordinance process to regulate plant species that are not listed by the county or state. Enforcement of species listed via a municipal ordinance is the responsibility of municipal authorities and cannot be regulated under or associated with the Minnesota Noxious Weed Law M.S. 18.75 - 18.91.
