

APPLICATION INSTRUCTIONS

2022 Minnesota Beginning Farmer Tax Credit—Asset Owner

Deadline to apply for the tax credit is October 3, 2022

Application Part A – Asset Owner Information *(required by all applicants)*

- Complete basic demographic section.

Application Part B – Beginning Farmer Information *(required by all applicants)*

- Complete the section with the name of the person or entity that you will be purchasing/renting agricultural assets to.

Application Part C – Agricultural Assets Information *(required by all applicants)*

- Describe the type of operation you will be selling or renting to the beginning farmer.
- Detail the land information as required if this is a land transaction.
- Provide a signed copy of the lease with all terms if leasing.
- Provide a signed copy of the Settlement Statement if purchasing land (this can be sent in later if the sale has not yet taken place).
- Provide a signed bill of sale if selling equipment or livestock.
- Detail the asset information as required if this transaction involves anything other than land.
 - “Agricultural Assets” means agricultural land, livestock, facilities, buildings and machinery used for farming in Minnesota.
 - You must notify the RFA of any future termination of a rental or share rent agreement.

Crop Share Lease

- The asset owner will receive a tax credit equal to 15% of the cash equivalent of the gross rental income in each of the first, second and third years of the share rent agreement as calculated below.
- The T-yield data will be posted on the MDA website. The price will be based off of the crop insurance program Fall Price which averages the month of October. If an asset owner is using the T-yield method and the farmland is located in multiple counties, the tax credit will be calculated using the T-yields for the county with the majority of acres.
- All tax credit calculations will be completed with the respective county’s previous year’s historical average T-yield data or the documented previous year’s Average Production History (APH) for the specific plot of land.
- Non-Program and Specialty crops tax credit calculation will be based off of the actual production and a documented price at the time of harvest.

Crop Share Lease Examples

A beginning farmer leases 160 acres of crop land on a 65/35 share basis with ½ of the acres allocated to corn and ½ the acres allocated to soybeans. Asset owner receives 35% of the crop:

CORN

80 acres x 170 bu/acre (APH or T-Yield) x 35% (Crop share) x \$3.99 (USDA Fall Price) x 15% (Tax Credit) = \$2,848.86

SOYBEANS

80 acres x 50 bu/acre (APH or T-Yield) x 35% (Crop share) x \$9.25 (USDA Fall Price) x 15% (Tax Credit) = \$2,215.50

TOTAL SHARE LEASE TAX CREDIT = \$4,727.10

Non-Program and Specialty Crop Share Lease Example

PEAS

80 acres x 3,100 (actual harvest) x 35% (Share rent) x .12 (actual price at harvest) x 15% = \$1,562.40

Application Part D –

Are you or your spouse a family member of the beginning farmer who will be purchasing/renting from you?

- The transaction taking place must not involve a family member by blood or marriage. “Family member” means a family member within the meaning of the Internal Revenue Service Code, section 267(c)(4). This includes parents, grandparents, brothers, sisters, spouses, children, and grandchildren. Legal Adoption shall be considered in full effect.

Application Part E – Purchase/Rental/Lease Agreement Information

- Include any relevant documentation if completing the application or include with your package you mail to the RFA.
- Sign and date application and submit either via email (preferably) or by printing out
