

MINNESOTA DEPARTMENT OF AGRICULTURE
STATE EMERGENCY QUARANTINE
EMERALD ASH BORER

Section I: Declaration of Emergency Quarantine

Whereas, the Commissioner of the Minnesota Department of Agriculture, having found that an exotic pest, known as the emerald ash borer, *Agilus planipennis* Fairmaire, has been detected in other states and has only a limited distribution in Minnesota at this time; and

Whereas, the emerald ash borer has been found infesting and killing ash trees, *Fraxinus* spp., in certain states; and

Whereas, ash trees are a valuable resource for the nursery, landscaping, and timber industries in Minnesota; and

Whereas, ash trees represent a significant component of the natural, urban and rural forest environments in Minnesota; and

Whereas, no federal quarantine is in place through the United States Department of Agriculture, Animal and Plant Health Inspection Service (“APHIS”) that will limit the movement of emerald ash borer into un-infested areas of Minnesota through interstate commerce;

Now, therefore, the Commissioner of the Minnesota Department of Agriculture by the authority of Minnesota Statutes Section 18G.06 (2008) declares this quarantine to prevent the further spread of this pest and sets forth: definitions, regulated articles, quarantined areas, conditions of movement, violations and penalties, and special exemptions. This quarantine shall become effective immediately and will remain in effect until withdrawn or superseded.

Section II: Definitions

“Ash” means all species of the genus *Fraxinus*.

"Certificate" means a document authorized or prepared by the Commissioner or their designee that affirms, declares, or verifies that movement or use of a regulated article complies with this quarantine and other legal requirements.

“Commissioner” means the Commissioner of the Minnesota Department of Agriculture or their designee.

"Compliance agreement" means a written agreement between a person and the Commissioner to achieve compliance with this quarantine.

“Emerald Ash Borer” (“EAB”) means the insect known as emerald ash borer, *Agilus planipennis* Fairmaire, in any stage of development.

“Firewood” means wood cut to lengths less than four feet long. This includes firewood cut for personal use.

“Inspector” means an employee of the Minnesota Department of Agriculture or other individual authorized to enforce the provisions of this quarantine.

“Log” means tree parts cut into lengths four feet or longer.

“MDA designated receiving facility” is a facility located outside the quarantine areas that has an active compliance agreement with the Department to accept regulated articles for processing.

“Minnesota” means the State of Minnesota.

“Move” (“moved,” “movement”) means shipped, transported, carried; held or offered for shipment, transport or carriage; received for shipment, transport or carriage; or allowed to be shipped, transported or carried.

“Person” means any individual, firm, association, partnership, corporation, governmental entity, or other legal entity.

“Quarantined Area” means any area listed in Section IV of this quarantine.

“Regulated Article” means any article listed under Section III of this quarantine.

“State” means the District of Columbia, Puerto Rico, the Northern Mariana Islands, or any state, territory, or possession of the United States.

“Transit” (“transiting”) means movement through an area.

Section III: Regulated Articles

Regulated articles are as follows:

- (A) The emerald ash borer, *Agrilus planipennis* Fairmaire, in any stage of development.
- (B) All plants and plant parts of the genus *Fraxinus*, including but not limited to:
 - a. Logs
 - b. Nursery stock, scion wood, and bud wood
 - c. Chips and mulch, either composted or uncomposted
 - d. Stumps, roots, and branches
- (C) Firewood of any non-coniferous (hardwood) species
- (D) Any article, product, or means of conveyance which the Commissioner determines to present a risk of spread of EAB and the Commissioner has notified the person in possession of that article, product, or means of conveyance, is subject to this quarantine.
- (E) Exceptions are:
 - a. Ash seeds and leaves that contain no ash twigs, branches, and wood
 - b. Processed lumber that is generally bark free, kiln dried, and with squared edges
 - c. Finished wood products without bark, including furniture, baskets, and baseball bats

Section IV: Quarantined Areas

(A) The following are designated as quarantined areas:

a. All areas of all U.S states

b. The following are designated as quarantined areas in Minnesota:

i. The entire county of:

Anoka, Blue Earth, Brown, Carver, Cottonwood, Chisago, Dakota, Dodge, Fillmore, Freeborn, Goodhue, Hennepin, Houston, Le Sueur, Martin, Mower, Nicollet, Nobles, Olmsted, Ramsey, Redwood, Rice, Scott, Sibley, Stearns, Steele, Wabasha, Washington, Waseca, Winona, Wright

ii. The portion of St. Louis County in Minnesota including:

West boundary: St. Louis/Carlton County border traveling north on Minnesota Highway 33 to the intersection of U.S. Highway 53; then following U.S. Highway 53 north to the intersection of Three Lakes Road (County Highway 49) North boundary: Three Lakes Road (County Highway 49) at the intersection of U.S. Highway 53 traveling east to the intersection of Vermilion Trail; then the northern edge of Gnesen, North Star, and Alden Townships to the St. Louis/Lake County border East boundary: St. Louis/Lake County border South boundary: St. Louis County border and St. Louis/Carlton County border to Minnesota Highway 33

iii. The portion of Lake County in Minnesota including:

West boundary: St Louis/Lake County border traveling north to the northern quarantine line of St. Louis County. Then eastward 13.5 miles to Lake Superior following across the northern border of Twp 53N, R 11W, Twp 53N, R 10W, and Twp 53N R 9W.

iv. The portion of Carlton County in Minnesota including:

Northernmost SW corner of the St. Louis County Quarantine just north of Cloquet clockwise along the border of Carlton and St. Louis Counties Jay Cooke State Park Boundary and following the boundary west to the City of Thomson then west on 210 to the eastern border of the Fond Du Lac Reservation, then following that border north, until the Carlton and St. Louis County line running east till it abuts the existing quarantine in St. Louis County at which point meets the origin of this description.

(B) The Commissioner may designate additional quarantined areas based upon future confirmation of the presence of the emerald ash borer. Such designations or changes will become effective upon the posting of notification on the Minnesota Department of Agriculture website located at <http://www.mda.state.mn.us/eab> and in the printed listing available upon request through the Minnesota Department of Agriculture Plant Protection Division, 625 N. Robert St., St. Paul, MN 55155, 651-201-6684 or 1-888-545-6684. In addition, notification will be made according to the requirements in Minnesota Statutes Section 18G.06, subd. 3(c).

Section V: Restrictions on Regulated Articles

- (A) Movement From a Quarantined Area to a Non-Quarantined Area.
- a. The sale and/or movement of ash nursery stock from a quarantined area is prohibited.
 - b. The movement of all regulated articles other than ash nursery stock is also prohibited, except under conditions i or ii below.
 - i. The regulated article shall have been treated under a Compliance Agreement and a Certificate must be issued. The point of origin shall be indicated on the bill of lading or other shipping documents. The Certificate shall be attached to or associated with the regulated articles and shall remain on/with the regulated articles until such articles reach their final destination. The Certificate shall be given to the recipient at the destination of the shipment and shall be retained with the shipping documents.
 - ii. The regulated article is transported to an MDA designated receiving facility between October 1 and April 30 only.
 - iii. The regulated article is transported under a state phytosanitary certificate issued by the state of origin with prior approval from the Commissioner.
- (B) Movement Transiting a Quarantined Area When Regulated Articles Originate from a Non-Quarantined Area.
- a. The transit of regulated articles originating from a non-quarantined area, through a quarantined area, to a non-quarantined area is prohibited, except under the following conditions:
 - i. During the period of May 1 through September 30, if the regulated articles are shipped in an enclosed vehicle or completely enclosed by a covering adequate to prevent the infestation of regulated articles by emerald ash borer.
 - ii. During the period of May 1 through September 30, uncovered regulated articles may transit without stopping except for refueling or traffic conditions.
 - iii. Transit is not regulated during the period October 1 through April 30.
- (C) Movement From A Non-Quarantined Area Into A Quarantined Area.
- a. Regulated articles may move from a non-quarantined area into a quarantined area. Once an article has entered a quarantined area, it is subject to the same restrictions as an article that originated from the quarantined area.
- (D) Movement Within A Quarantined Area
- a. Regulated articles may move within a quarantined area.
 - b. Exceptions are:
 - i. Ash genus *Fraxinus* Nursery stock, scion wood, and bud wood
- (E) Removal Of Regulated Articles From Unauthorized Areas.
- a. Any regulated articles moved in violation of this quarantine shall be removed to a permitted area within 24 hours of discovery or shall be subject to destruction

under the direction of the Commissioner and at the expense of the owner or owners.

(F) Documentation.

- a. All regulated articles originating from the quarantined area that are moved within Minnesota or that have been moved within Minnesota must be accompanied by certifications and/or shipping documents showing the movement was in accordance with this quarantine. Such documents must be shown to the Commissioner when requested.

Section VI: Penalties

Any person violating these quarantine regulations is subject to the civil penalties up to \$7,500.00 per day of violation or misdemeanor penalties set forth in Minnesota Statutes Sections 18J.10 (2011) and may be subject to criminal penalties set forth in Minnesota Statutes Sections 18J.11 (2011).

Section VII: Special Exemptions

- (A) The Commissioner may allow, with written approval, the movement of emerald ash borer, in any living stage of development, into or within Minnesota for research purposes.
- (B) The Commissioner may allow, with written approval, the movement of regulated articles, into Minnesota, after proper documentation has been provided to the Commissioner.

This Notice and State Emergency Quarantine are effective April 25, 2022.
