Grant Summary

Overview

The Agricultural Growth, Research, and Innovation (AGRI) Meat, Poultry, Egg, and Milk Processing Grant is administered by the Minnesota Department of Agriculture (MDA).

This grant provides funding to facilitate the start-up, modernization, or expansion of meat, poultry, egg, and milk processing businesses. The program aims to increase sales of Minnesota-raised livestock products by investing in equipment and physical improvements that support processing, capacity, market diversification, and market access.

Funding availability

We anticipate awarding approximately \$1.4 million using a competitive review process. We expect 20 to 60 grants will be awarded, but the final number depends on the size of awards. The maximum equipment award is \$150,000, and the minimum award is \$1,000. There will only be one round of funding this fiscal year, but applications that are not fully funded will be considered for an AGRI Value-Added Grant in early 2023.

Relationship to the AGRI Value-Added Grant

Meat, poultry, egg, and milk processors may also apply for the [AGRI Value-Added Grant](#), but livestock-related applicants will not be prioritized as they have in past years. The AGRI Value-Added Grant is open to all eligible value-added businesses (including bioenergy producers) to invest in equipment, with the same intent of increasing sales of Minnesota agricultural products by investing in production capacity, market diversification, and market access for value-added products.

If an application is not selected or is only partially funded for the AGRI Meat, Poultry, Egg, and Milk Processing Grant, it will automatically be considered for the AGRI Value-Added Grant expected to launch in January 2023. Reviewer comments will be shared with applicants, and applications may be revised until the deadline.

We anticipate awarding an additional \$1 million through the AGRI Value-Added Grant. We expect 10 to 30 grants will be awarded, but the final number depends on the awarded amount of funded applications.

Priorities

It is the policy of the State of Minnesota to ensure fairness, precision, equity, and consistency in competitive grant awards. This includes implementing diversity and inclusion in grant-making.

[Policy 08-02: Rating Criteria for Competitive Grant Review \(PDF\)](#) establishes the expectation that grant programs intentionally identify how the grant serves diverse populations, especially populations experiencing inequities and/or disparities. This grant will serve start-up, modernization, or expansion of meat, poultry, egg, and milk processing facilities and will prioritize expanding meat/poultry slaughter capacity and increasing access to Kosher/Halal markets.

How to apply

- Apply for the AGRI Meat, Poultry, Egg, and Milk Processing Grant using our [online application system](#).
 - We must receive your application by **4:00 p.m. Central Time (CT) on Thursday, October 27, 2022**, to be considered for funding. We will not accept late applications.
- Be sure to apply early so there is enough time to get technical assistance if needed.
 - It's best practice to submit your application at least 24 hours in advance.

The MDA is not responsible for any technical or logistical problems resulting in the MDA not receiving the application on time. It is the responsibility of the applicant to ensure that submission is received by the MDA before the deadline.

Application guidelines

- Use plain, easily understood language. Write for reviewers who are generally knowledgeable but may not have a thorough or deep understanding of your organization and project.
- Answer all questions completely within the character limits specified in the grant application.
- Review the [Project Evaluation Profile](#) included in this document as it is used to score and compare the grant applications.

Timeline and deadlines

October 20, 2022, 4:00 p.m. CT.....Last time to submit questions on the grant program

October 27, 2022, 4:00 p.m. CT.....Applications due

December 15, 2022.....Notification of decisions; start grant agreement negotiations

Mid-January 2023.....Anticipated project start date (after the grant contract is fully signed)

Questions

For questions on the grant program or application:

- Submit your question in writing before **4:00 p.m. Central Time on October 20, 2022**.
- Email MDA.AGRIGrants@state.mn.us with "Meat, Poultry, Egg, and Milk Processing Grant" in the subject line.

MDA employees are not authorized to provide advice on any applications. Applicants who solicit or receive advice from unauthorized MDA employees may be disqualified from eligibility for a grant award.

For help with the online application system:

- Call 651-201-6500 or email MDA.AGRIGrants@state.mn.us for technical assistance.
 - Include "Meat, Poultry, Egg, and Milk Processing Grant" in the subject line.

Grant Eligibility

Eligible applicants

Applicants must:

- Intend to or be engaged with livestock slaughter or processing, including meat, poultry, egg, and/or milk.
- Be an individual (including farmers), business, agricultural cooperative, non-profit, educational institution, or a local unit of government (including Tribal Governments).
- Be in good standing with the State of Minnesota:
 - No back taxes owed.
 - No defaults on Minnesota state-backed financing for the last seven years.
 - Acceptable performance on past MDA grants.
 - Compliant with current state regulations, including the MDA's Dairy and Meat Inspection Division.
 - Currently reside in Minnesota and be authorized to conduct business in Minnesota.

MDA employees and their spouses are not eligible to receive grants from this program.

If applying as an individual rather than as an organization, you must not have been convicted of a state or federal criminal offense which includes theft, embezzlement of public funds, or forgery.

Examples of applicants:

- USDA, "Equal To" (E2), and custom-exempt slaughter and processing plants
- Licensed on-farm meat and poultry processors
- Creameries, bottling houses, and cheese manufacturers
- Egg processors and producers engaged in the washing, candling, grading, or sorting of eggs
- Livestock byproduct processors

Collaboration

Eligible applicants may collaborate with other meat, poultry, egg, and milk processors, but it is not required. If eligible organizations are submitting a joint application, they must determine which business or organization will have the grant contract agreement with the MDA and will work directly with the MDA to meet grant reporting requirements. Note that this organization will receive a 1099 from the State of Minnesota for income tax purposes.

Non-profit organizations, local units of government, and educational institutions must provide letters from farmers who they will be processing for; these letters must describe the grant project benefit to farmers.

Eligible projects and expenses

Projects must:

- Aim to increase sales of Minnesota livestock products by increasing production capacity, diversifying markets, or increasing market access for meat, poultry, egg, and milk products.
- Not start until the grant contract is signed by all parties and has reached its start date.
- Be completed in three years or less; contracts cannot be extended beyond three years.
- Be conducted in Minnesota.

Project examples include but are not limited to:

- Purchase and installation of equipment used in the processing of meat, poultry, eggs, or milk
- Contractor costs and materials for installation of approved equipment, including plumbing, drainage, venting, and electrical work
- Cooler walls and refrigeration units
- Portion cutters
- Livestock slaughter equipment such as cradles, saws, hooks, scalders, or sinks
- Equipment or facilities to accommodate holding a larger number of animals in a humane manner (fences, gates, chutes)
- Creamery or milk product processing equipment
- Grading, packing, labeling, packaging, or sorting equipment
- Egg sanitizing, candling, drying, and grading equipment
- Equipment that helps to maintain the identity and traceability of products
- Processing equipment or physical improvements to a processing facility to reduce food safety risks

Ineligible project expenses

Ineligible expenses include but are not limited to:

- Expenditures incurred before the grant agreement is signed by all parties
- Equipment and facilities used for crop or livestock production including watering systems, harvesting equipment, and equipment or facilities used for livestock care and feeding
- General use equipment
- Land purchases
- Construction or expansion of a restaurant or grocery store, including restaurant equipment or furniture. Grocery store equipment may be eligible for a [Good Food Access Program Grant](#).
- Construction outside the state of Minnesota
- Owner and employee wages and benefits. Contact MDA staff for exceptions.
- Advertising, public relations, entertainment, and amusement costs
- Donated property or volunteer (in-kind) services from the applicant. While these may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor, the value of services provided by the applicant is not an eligible cost.

- Fines, penalties, and other settlement expenses resulting from failure of the applicant to comply with federal, state, local, or Native American Tribal laws and regulations
- Indirect costs (expenses of doing business that are not readily identified with the project)
- Fundraising, including financial campaigns, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions, regardless of the purpose for which the funds will be used
- Taxes, except sales tax on goods and services
- Lobbyists, including costs of membership in organizations substantially engaged in lobbying, and political contributions
- Supplies, consumables, ingredients, and items that are not reusable
- Beginning inventory costs, start-up costs, beginning working capital costs, and license fees
- Bad debts, late payment fees, finance charges, legal costs, or contingency funds
- Parking or traffic violations
- Out of state transportation and travel expenses. Minnesota will be considered the home state for determining whether travel is out of state.
- Feasibility studies

Matching funds

The AGRI Meat, Poultry, Egg, and Milk Processing Grant is a reimbursement grant. You must provide documentation for the total cost of the project to receive the awarded reimbursement amount. The minimum award is \$1,000 and the maximum award is \$150,000.

For the match:

- You are responsible for 50% of the first \$50,000 to receive up to a \$25,000 reimbursement.
- For costs after the first \$50,000, you are responsible for 75% of the total remaining cost to receive 25% reimbursement, up to a maximum grant award of \$150,000.

Sources of the matching funds may include cash, loans, other grants, and liquid capital assets dedicated to the project. State grant funds cannot be used as matching funds, but non-forgivable loans from the state may be used as a match.

Example

A grantee is working on a project that is expected to cost \$400,000. The first \$50,000 of expenses will be reimbursed \$25,000. After that, the grantee would be eligible for \$87,500 from the state and would have to contribute the remaining \$262,500. In total, the grantee would be eligible for \$112,500 from the state and would be responsible for the other \$287,500.

| Project Cost | Grant Reimbursement | Applicant Cost |
|-----------------------|---------------------|----------------|
| First \$50,000 | \$25,000 | \$25,000 |
| Remaining \$350,000 | \$87,500 | \$262,500 |
| Total Cost: \$400,000 | \$112,500 | \$287,500 |

Application Review Policies

Review process

A review committee, including MDA staff and external reviewers, evaluates all eligible applications based on the criteria in the Project Evaluation Profile. Reviewers may recommend whole or partial funding of a project. The commissioner of agriculture reviews the committee recommendations and is responsible for award decisions. The review committee and commissioner may use rural/urban, geographic distribution, services to prioritized populations, applicant's history as a state grantee, and capacity to perform the work when making their decisions. The MDA will notify applicants, both successful and unsuccessful, in writing. Applicants will receive reviewer comments if their project is not funded or not fully funded.

Conflicts of interest

State grant policy requires that steps and procedures are in place to prevent individual and organizational conflicts of interest, both in reference to applicants and reviewers ([MINN. STAT.16B.98](#) and [Conflict of Interest Policy for State Grant-Making, 2022 \(Word\)](#)).

Organizational conflicts of interest occur when:

- A grantee or applicant is unable or potentially unable to render impartial assistance or advice to the MDA due to competing duties or loyalties.
- A grantee's or applicant's objectivity in carrying out the grant is or might be otherwise impaired due to competing duties or loyalties.

In cases where a conflict of interest is suspected, disclosed, or discovered, the applicants or grantees will be notified and actions may be pursued, including but not limited to disqualification from eligibility for the grant award or termination of the grant agreement.

Privacy notice and data classification

The information provided by an applicant will be used to assess the applicant's eligibility to receive a grant under the AGRI Program. The decision to apply for this grant is voluntary, and applicants are not legally required to provide any of the requested information. Applicants may decline to complete this application without any legal consequence. However, only completed applications will be considered for a grant; incomplete applications will not be considered.

Data provided in this application is initially classified by the Minnesota Data Practices Act as private or nonpublic, although some or all of the data will generally become public at various points of the application process unless the data are otherwise classified by state or federal law. Access to private or nonpublic data is limited to those authorized by law, including but not necessarily limited to MDA staff and contractors with a valid work assignment to access the data, parties authorized by the applicant, parties identified in a valid court order or federal subpoena, Minnesota Management and Budget, Minnesota Department of Administration, the state auditor, and the legislative auditor. If necessary, the MDA may also share the data with law enforcement or the Office of the Attorney General.

Per Minnesota's statute on grants ([MINN. STAT. 13.599](#)):

- Names and addresses of grant applicants, and the grant amount requested, will be public data once application responses are opened.
- All remaining data in application responses (except for data classified as Department of Agriculture data ([MINN. STAT 13.643, subd. 1](#)) and trade secret information, see below) becomes public data after the evaluation process is completed (for the purposes of this grant, when all grant agreements have been fully executed).
- All data created or maintained by the MDA as part of the evaluation process (except trade secret information, see below) will be public data after the evaluation process is completed.

Procedure for claiming protection of trade secrets: Trade secret information is classified as not public data. In order to qualify as trade secret information, the data in question must be provided to the MDA by the affected person (i.e. the data must be about the applicant) and otherwise meet the legal definition found in statute ([MINN. STAT. 13.37, subd. 1\(b\)](#)). In order for an applicant to assert trade secret protection for data submitted as part of this application, the applicant must: 1) clearly identify the specific formula, pattern, compilation, program, device, method, technique, or process that the applicant believes to be trade secret information; 2) describe what efforts the applicant takes to maintain the secrecy of the data; and 3) adequately explain how the data derive(s) independent economic value from not being generally known to, and not readily ascertainable by proper means by, other persons. Merely asserting trade secret protection does not, in and of itself, classify the data in question as not public; determining what data meet the definition of trade secret information is ultimately the legal responsibility of the MDA, and the MDA cannot guarantee that data identified as trade secret information by an applicant will be classified as such. If the MDA determines that data do not meet the definition of trade secret information, the data in question will be available to the public unless the applicant secures a court order saying otherwise.

All persons, businesses, and individuals applying for grants in the state of Minnesota must comply with applicable laws. Under the law titled Right Of Setoff ([MINN STAT 270C.65, Subd. 3](#)), a grantee consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies, and to state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring a grantee to file state tax returns and pay delinquent state tax liabilities, if any.

Requirements for Grant Recipients

Pre-award financial review

Non-profit organizations

All non-profit organizations applying for grants in the state of Minnesota must undergo a financial review prior to receiving a grant award of \$25,000 or higher.

To comply with [Policy 08-06: Financial Review of Nongovernmental Organizations \(PDF\)](#), you may be asked to submit one of the following documents:

- Grant applicants with annual income of under \$50,000, or who have not been in existence long enough to have a completed IRS Form 990 or audit, should submit their most recent board-reviewed financial statements.
- Grant applicants with total annual revenue of \$50,000 or more but less than \$750,000 should submit their most recent IRS Form 990.
- Grant applicants with total annual revenue of over \$750,000 should submit their most recent certified financial audit.

Individuals and for-profit businesses

All individual and for-profit businesses selected for a grant award over \$100,000 must submit either a [Form REV 185i \(PDF\)](#) or [Form REV185b \(PDF\)](#) at the time of grant award notification. These forms give the Minnesota Department of Revenue permission to inform the MDA if the grantee owes any back taxes.

Accountability and reporting

Follow-up surveys are required to help us determine the long-term impacts of the grant. Grantees are required to respond to requests for follow-up information for three years beyond the term of the grant agreement. Failure to respond to these in a timely manner may impact your ability to secure future funding from the MDA.

Grant award agreement and payments

Grant contract agreement templates are available for review on the [Office of Grants Management Forms and FAQs](#) webpage.

Upon approval of an application and prior to beginning work on the grant project(s) and receiving reimbursements, the applicant is required to do the following:

- 1) Complete an IRS W-9 form or register as a vendor in SWIFT, the state's accounting system, and submit other required documentation within 30 days of award notification.
- 2) If a for-profit business or individual receiving a grant award over \$100,000, complete a Minnesota Department of Revenue Form REV185b (for businesses) or a Form REV185i (for individuals).
- 3) If a non-profit organization receiving an award over \$25,000, submit a copy of the organization's most recent audited financial statement.

- 4) Sign a grant contract agreement indicating their intention to complete the proposed tasks. The agreement also authorizes the MDA to monitor the progress of the project. The grant award document must be signed within 30 days of being sent to the grantee.

Eligible expenses may only be incurred after the contract has been signed by all parties. Applicants should anticipate that grant contracts will have an end date in early 2024. At the discretion of the MDA, contracts may be amended to last an entire three years. Grantees must let the MDA know if they would like to request an extension prior to the expiration of the contract. Grant contracts may not extend beyond three years from the effective date of the contract.

Grant funds are dispersed on a reimbursement basis. All grantee requests for reimbursement must correspond to the approved grant budget. To receive grant payments, grantees must provide proof that grant project work has been done by submitting details of each purchase on receipts or invoices, and proof that the vendors have been paid. Annual progress reports are required to be submitted during the duration of the project. Grant payments shall not be made on grants with past due progress reports unless the MDA has given the grantee a written extension.

Site visits and financial reconciliations

The grant agreement allows the MDA to monitor the progress of the project. The MDA will perform a monitoring visit for all grantees with awards of \$25,000 or more before a final payment is approved. Other grantees may receive monitoring visits at the discretion of the MDA.

The MDA will perform a financial reconciliation of at least one invoice on grants greater than or equal to \$50,000; financial reconciliation may be performed on additional payment requests at the discretion of the MDA. For this purpose, the grantee must provide expense receipts, employee timesheets, invoices, and any other supporting documents requested by the state.

Bidding requirements

All funded applicants will be required to abide by the state's bidding requirements for larger purchases. See a detailed list of the state's [bidding requirements](#) for details.

Affirmative action and non-discrimination policy

The grantee agrees not to discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, sex, marital status, status in regard to public assistance, membership or activity in a local commission, disability, sexual orientation, or age in regard to any position for which the employee or applicant for employment is qualified ([MINN. STAT. 363A.02](#)). The grantee agrees to take affirmative steps to employ, advance in employment, upgrade, train, and recruit minority persons, women, and persons with disabilities.

The grantee must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The grantee agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship ([Minnesota Rules, part 5000.3500](#)).

The grantee agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the [Minnesota Human Rights Act](#).

Audits of project

The grantee's books, records, documents, and accounting procedures and practices of the grantee or other party that are relevant to the grant or transaction are subject to examination by the granting agency and either the legislative auditor or the state auditor, as appropriate ([MINN. STAT. 16B.98, subd. 8](#)). This requirement will last for a minimum of six years from the grant agreement end date, receipt, and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

Voter registration requirement

The grantee will provide voter registration services for its employees ([MINN. STAT. 201.162](#)).

AGRI Background and Program Goals

The Agricultural Growth, Research, and Innovation Program (AGRI) was established to advance Minnesota's agricultural and renewable energy industries ([MINN. STAT. 41A.12](#)). AGRI has made significant economic impacts by increasing productivity, improving efficiency, and assisting the development of agricultural products. The primary goal of the AGRI Meat, Poultry, Egg, and Milk Processing Grant is to increase sales of Minnesota-raised livestock products by investing in equipment and physical improvements that support processing, capacity, market diversification, and market access.

Project Evaluation Profile

| Evaluation Criteria | Maximum Score |
|---|---------------|
| Project addresses goals of the AGRI Meat, Poultry, Egg, and Milk Processing Grant | Yes/No |
| Business readiness, financial sustainability, and experience <ul style="list-style-type: none"> • Applicant demonstrates sound business management, financial aptitude, and stability • Applicant describes the financial benefit of doing the grant project | 20 |
| Impact on Minnesota agriculture <ul style="list-style-type: none"> • Plan to increase processing of Minnesota-raised livestock products is achievable • Expected amount of Minnesota-raised livestock processing capacity is realistic • Meaningfully adds resiliency in the supply chain • Increased impact is appropriate for the size of the budget request • Project has the potential to impact many farmers | 25 |
| Priority areas <ul style="list-style-type: none"> • Project expands Minnesota’s meat and poultry slaughter capacity • Applicant provides plans on intent to process and sell product in Halal or Kosher markets | 10 |
| Measurable outcomes <ul style="list-style-type: none"> • Objectives of project are measurable and clearly stated • Describes how the project will achieve objectives of the grant program and benefit the business | 10 |
| Project plan – work plan and timeline <ul style="list-style-type: none"> • Work plan is thorough and realistic • A detailed description of each step of the grant project is provided with estimated dates | 10 |
| Budget narrative and match <ul style="list-style-type: none"> • Budget clearly details all project costs • Budget clearly explains source and amount of applicant’s funds (cash match) • Budget is cost effective and planned purchases are backed by quotes or other sources | 15 |
| Diversity, equity, and inclusion <ul style="list-style-type: none"> • Applicant’s operation is a woman-owned, minority-owned, or veteran-owned business, or the organization meaningfully serves Black, Indigenous, and People of Color (BIPOC) or Native American Tribal Communities | 10 |
| Total | 100 |

Application Questions

Contact information

Applicant information

- Point of contact name
- Point of contact telephone
- Point of contact email
- Organization name
- Organization mailing address
- Organization county
- Organization telephone
- Organization email
- Minnesota State House District (*This information can be found at www.leg.state.mn.us/leg/districtfinder.*)

Authorized representative

If awarded a grant, is the person authorized to sign contracts on behalf of the organization the same as the Point of Contact person listed above? (Yes/No)

If no, please provide the following Authorized Representative information for signing any resulting grant contract agreement:

- Name
- Telephone
- Email

Eligibility

Confirm that the following statements apply to your organization:

- My organization is in good standing with the State of Minnesota. (No back taxes owed, no defaults on Minnesota state-backed financing for the past seven years, in compliance with current state regulations, and acceptable performance on past MDA grants.) (Yes/No)
- My organization is in Minnesota or authorized to conduct business in Minnesota. (Yes/No)
- My spouse and I are not employees of the MDA. (True/False)
- I am applying as an individual (not as business). (Yes/No)
 - If yes, I attest that I have not been convicted of a criminal offense such as theft, embezzlement, and forgery related to the state grant agreement. (Yes/No)

The MDA is unable to reimburse for any work that is performed prior to the start date of the contract. Has work started on your proposed project or will work start before the grant contract agreement is signed by all parties? (Yes/No)

Previous AGRI grants

Have you received a previous AGRI Value-Added Grant; AGRI Meat, Poultry, Egg, and Milk Processing Grant; or Rapid Response Grant for Livestock Processing? (Yes/No)

If yes, briefly describe your previous grant project(s), including date(s) and amount(s) awarded. (1,000 characters, including spaces)

Project summary

Grant request

- Project name
- Total project cost
- Total grant request (The first \$25,000 requires a one-to-one match; afterwards a three-to-one match.) Maximum \$150,000, minimum \$1,000.
- Expected project start date
 - Must be after the contract is signed by you **and** the State of Minnesota.
 - Award notification is in mid-December and contracts may be signed as early as January.
 - You may not order equipment until after the grant contract agreement is signed.
- Expected project end date
 - Contracts will be effective until January 2024 but may be extended until approximately January 2026 (up to a full three years) at the discretion of the MDA.
 - You will have up to two months after your contract end date to submit for a reimbursement.
 - All items and services must be paid for and installed by the end date of the contract.

Project description

(500 characters, including spaces)

Provide a brief description of your project outlining what you plan to purchase and why. Limit your description to three sentences.

Business readiness, financial sustainability, and experience

Organization summary

(2,000 characters, including spaces)

Provide a summary of your organization. The summary should stand alone to describe:

- The mission and goals of your organization
- The services and products provided by your organization
- The ownership and leadership of your organization

Business plan summary

(2,000 characters, including spaces)

Provide a summary of your business plan.

- Describe the financial health/cash flow of your organization over the past year.
- Explain how your organization is looking to grow or remain competitive.
- Tell us how this project fits into your business plan and how this project will financially benefit your organization.

Business plan submission

- Business plans are required with your application for all grant requests over \$100,000 and are optional for all other requests.
- Redact confidential information and trade secrets included in your business plan.

Business readiness letters (optional)

Submit letters of support written by:

- Financial or business contacts that can attest to your organization's sound business management, financial aptitude, and stability.
- Contacts in your meat, poultry, egg, and milk profession or previous co-workers who can verify you have the experience or skills necessary to successfully complete the project.

Impact on Minnesota agriculture

Livestock and poultry slaughterers

(For the purpose of this grant, slaughter is defined as euthanizing an animal and preparing the carcass of the animal for edible purposes.)

Does your organization slaughter livestock or poultry? (Yes/No)

If yes, how will the number of livestock and poultry you can slaughter change because of this grant project? Please provide before and after estimate, by species. *(2,000 characters, including spaces)*

Example: In 2021, we were able to slaughter five head of beef and 20 hogs per week. After we complete the grant project in August 2023, we estimate we can slaughter 10 beef and 30 hogs per week.

Meat and poultry further processors

(In these questions, we are not referring to slaughter. We are asking about processing beyond primal cuts or carcass breakdown, including cutting, grinding, smoking, cooking, canning, curing, refining, or rendering.)

Does your organization further process meat or poultry? (Yes/No)

If yes, how will the quantity of meat and poultry you can further process change because of this grant project? Include before and after estimate, by species. (2,000 characters, including spaces)

Example 1: In 2021, we could process approximately 60 sides of beef per week and 120 whole hogs. After the grant, we expect to increase to 80 sides of beef and 160 whole hogs. We will also be increasing our capacity to smoke meat; smoked meats are a higher value product.

Example 2: We plan to increase our production from 1,500 pounds of meat products per week to 2,500 pounds per week.

Egg processors

Does your organization process eggs? (Yes/No)

If yes, how will the project increase your ability to process egg products? Include before and after estimates. (2,000 characters, including spaces)

Example: Last year, we were able to process 25 dozen eggs per day from two farms. Afterwards, we will be able to process 40 dozen eggs per day from four farms.

Milk processors

Does your organization process milk or milk products? (Yes/No)

If yes, how will the project increase your ability to process milk and milk products? Include before and after estimates. (2,000 characters, including spaces)

Example: Last year, we were able to process 500,000 cwt from 120 farms. Afterwards, we will be able to process 750,000 cwt from 130 farms. As a part of that, we'll go from processing 50,000 pounds of cheese to 75,000 pounds of cheese.

Food safety

Does your project improve food safety? (Yes/No)

If yes, describe how it improves food safety. (500 characters, including spaces)

Increasing sales

Describe how your project will increase usage of other Minnesota agricultural products, if applicable (e.g., wild rice in sausages). (500 characters including spaces)

Describe how this project plans to increase the sales of Minnesota livestock products. Compare the total dollar value of Minnesota agricultural products used by your business between January 1, 2021, and December 31,

2021, to an estimate of the dollar value of sales of Minnesota livestock products the first calendar year after your project is complete. *(2,000 characters, including spaces)*

Estimate how this project will impact your gross revenue. *(2,000 characters, including spaces)*

Sources of Minnesota products

List your current or anticipated sources of Minnesota agricultural products, and the estimated amount by year. *(2,000 characters, including spaces)*

Examples: Vista Acres Cattle, New Ulm, MN (2021 – 50 beef); Happy Hogs Processing, Inc., Thief River Falls, MN (2021 – 1,500 pork bellies); Dairy Farmers, SE Minnesota (2021 – 15,000 cwt, 20 producers); Blueberry Grower, Cambridge (2021 – 50 pounds)

Market outlets

Estimate the number of market outlets used by your organization between January 1, 2021, and December 31, 2021. Examples of market outlets include wholesale distributors, direct-to-consumer channels, retail stores, and farmers markets. *(2,000 characters, including spaces)*

Market expansion and diversification

(2,000 characters, including spaces)

- Describe how the project plans to diversify markets and/or increase market access.
- If you expect to increase the number and/or types of market outlets from this project, estimate the increase(s) and explain how the project will achieve these goals.

Example: In 2021 we sold to 3 restaurants and with the grant we expect to be able to sell to 8 restaurants.

Priority area

Does your organization intend to process and sell product in Halal or Kosher markets? (Yes/No)

If yes, explain this. *(2,000 characters, including spaces)*

Measurable outcomes

Describe how you plan to measure the outcomes of your project including impact on your organization, increased sale of Minnesota agricultural products, and number of market outlets. *(1,000 characters, including spaces)*

Agricultural impact letters

Submit letters of support written by:

- Current or potential sources of Minnesota raised and grown products (required for non-profit organizations, local units of government, and educational institutions)
- Current or potential buyers expressing support for the project
- Organizations citing the potential of your project to impact many farmers

Project plan

Workplan and timeline

Create a workplan using the example format shown below. You should include the steps that you will take to successfully complete your project. For example, you might include target dates for requesting quotes, installing and testing equipment, and full launch of the equipment. You may also upload a workplan as an Excel or Word file.

Example:

| Timeframe | Description of Task/Action Item | Responsible Party |
|-------------------|--|--------------------------|
| <i>April 2023</i> | <i>Request bids for cheesemaker</i> | <i>Project director</i> |
| <i>May 2023</i> | <i>Sign contract with Cheese Marketers Association</i> | <i>CEO</i> |

Budget narrative and match

Budget

Create a budget using the example format below. (Do not attach bid sheets or quotes from vendors in lieu of providing a budget in this format.) If specific contractors are named in the application, you will not need to use a formal bidding process. This can save you time and effort later. You may also upload a budget as an Excel or Word file.

Example:

| Item | Quantity | Cost per Unit | Total Estimate | Source of Estimate |
|-------------------------|-----------------|----------------------|-----------------------|-------------------------------------|
| <i>Pasteurizer</i> | <i>1</i> | <i>\$15,000</i> | <i>\$15,000</i> | <i>Cheesy Equipment Dealers</i> |
| <i>Contractor Hours</i> | <i>50</i> | <i>\$100</i> | <i>\$5,000</i> | <i>Cheese Marketers Association</i> |
| <i>Total</i> | | | <i>\$20,000</i> | |

Budget narrative

Justify your budget and explain how you plan to pay for your project. (2,000 characters, including spaces)

- Explain how the equipment and services in the budget table will help you slaughter or process more Minnesota livestock products or diversify or expand your market outlets.
- Explain how you plan to pay for your project (financing, other grants, private investment, personal investment, or organization funds, etc.). Other state grant funds cannot be used to provide the funding used to pay for this project, but non-forgivable loans from the state may be used as a match.

Documents showing project costs and ability to pay for project (optional)

Submit documents such as:

- Quotes or estimates from businesses for equipment or services.
- Letters of commitment written by financial institutions or other organizations that will be providing funding through loans or credit.
- Letters from your financial institutions indicating you have sufficient cash reserves to fund this project.

Diversity, equity, and inclusion

This grant program prioritizes historically underserved communities including woman-owned businesses, minority-owned businesses, veteran-owned businesses, and/or organizations that meaningfully serve Black, Indigenous, and People of Color (BIPOC) or Native American Tribal Communities. Does your organization reflect these priorities? (Yes/No)

If yes, explain how these priorities are reflected in your organization. *(2,000 characters, including spaces)*
