Grant Summary

Overview

The Minnesota Department of Agriculture (MDA) is now accepting applications for the Agricultural Growth, Research, and Innovation (AGRI) Meat, Poultry, Egg, and Milk Processing Grant (MPEM).

Grant funds are available to facilitate the start-up, modernization, or expansion of meat, poultry, egg, and milk processing businesses. The program aims to increase sales of Minnesota-raised livestock products by investing in equipment and physical improvements that support processing, capacity, market diversification, and market access.

Relationship to the AGRI Value-Added Grant

The fiscal year (FY) 2024 AGRI Value-Added and the FY 2024 MPEM Grants will be administered as a single program with two application tracks. Meat, poultry, egg, and milk processors are encouraged to use this application as it is tailored to their businesses.

The AGRI Value-Added Grant Request for Proposals is available to all eligible value-added businesses (including bioenergy producers and hemp processors) to invest in equipment, with the intent of increasing sales of Minnesota agricultural products by investing in production capacity, market diversification, and market access for value-added products.

Funding availability

We expect to award \$3 million through the AGRI Value-Added and AGRI MPEM Grants. Of this amount, at least \$1.25 million will be awarded for projects impacting meat, poultry, egg, and milk processors.

Remaining funds will be awarded to these and other types of value-added processors. We expect to award 50 to 80 grants between the two programs, but the final number depends on the size of awards.

The maximum equipment award is \$150,000, and the minimum award is \$1,000. Although applicants may request up to \$150,000, applicants should expect that very few, if any, applicants will receive more than \$100,000. There will only be one round of funding this fiscal year.

Priorities

It is the policy of the State of Minnesota to ensure fairness, precision, equity, and consistency in competitive grant awards. This includes implementing diversity and inclusion in grant-making.

[Policy 08-02: Rating Criteria for Competitive Grant Review \(PDF\)](#) sets up the expectation that grant programs intentionally show how the grant serves diverse populations, especially populations experiencing inequities or disparities.

This grant program serves start-up, modernization, or expansion of meat, poultry, egg, and milk processing facilities and will prioritize:

- Operations owned by individuals in historically underserved communities or businesses that reflect historically underserved communities in the operation’s priorities. Historically underserved communities include businesses owned by women, veterans, persons with disabilities, American Indian or Alaskan Natives, members of a community of color, young people, and people who are lesbian, gay, bisexual, transgender, queer, intersex, or asexual (LGBTQIA+).
- Projects that increase food safety.
- Projects that expand local meat or poultry slaughter capacity and increased access to Kosher or Halal markets.

How to apply

- Apply for the AGRI MPEM Grant using our [online application system](#).
 - If you’re a new user, you need to create an account first.
 - Once you’re logged in, select “AGRI Meat, Poultry, Egg, and Milk Processing Grant.”
 - We must receive your application by **4 p.m. Central Time (CT) on Thursday, October 12, 2023**, to be considered for funding. We will not accept late applications.
- Apply early so there is enough time to get help with the online application system if needed.
 - It’s best practice to submit your application at least 24 hours in advance.

Note: The MDA is not responsible for any technical or logistical problems resulting in the MDA not receiving the application on time. It is the responsibility of the applicant to ensure that submission is received by the MDA before the deadline.

Application guidelines

- Use plain, easily understood language. Write for reviewers who have general knowledge but may not have a thorough or deep understanding of your organization or project.
- Answer all questions completely within the character limits specified in the grant application.
- Review the [Project Evaluation Profile](#) included in this document as it is used to score and compare the grant applications.

Timeline and deadlines

October 5, 2023 at 4 p.m. CT.....Deadline to ask grant program questions.

October 12, 2023, at 4 p.m. CT.....Applications due.

December 1, 2023.....Applicants notified of decisions; grant agreement negotiations begin.

January 10, 2024.....Anticipated start date for projects awarded funding.

Questions

For questions on the grant program or application:

- Submit your question in writing before **4 p.m. CT on October 5, 2023**.
- Email MDA.AGRIGrants@state.mn.us with “MPEM Grant” in the subject line.

Note: MDA employees are not authorized to give advice on any applications. Applicants who solicit or receive advice from unauthorized MDA employees may be disqualified from eligibility for a grant award.

For help with the online application system:

- Call 651-201-6500, or
- Email MDA.AGRIGrants@state.mn.us with “MPEM Grant” in the subject line.

Grant Eligibility

Eligible applicants

Applicants must:

- Intend to or be engaged with livestock slaughter or processing, including meat, poultry, eggs, or milk.
- Be an individual (including farmers), business, agricultural cooperative, non-profit, educational institution, a local unit of government, or Tribal government.
- Be in good standing with the State of Minnesota:
 - No back taxes owed.
 - No defaults on Minnesota state-backed financing for the last seven years.
 - Acceptable performance on past MDA grants.
 - Compliant with current state regulations, including the MDA's Dairy and Meat Inspection Division.
- Currently reside in Minnesota and be authorized to conduct business in Minnesota.

MDA employees and their spouses are not eligible to receive grants from this program.

If applying as an individual rather than as an organization, you must not have been convicted of a state or federal criminal offense which includes theft, embezzlement of public funds, or forgery.

Examples of applicants:

- USDA, "Equal To" (E2), and custom-exempt slaughter and processing plants
- Licensed on-farm meat and poultry processors
- Creameries, bottling houses, and cheese manufacturers
- Egg processors and producers engaged in the washing, candling, grading, or sorting of eggs
- Livestock byproduct processors

Collaboration

Eligible applicants may collaborate with other meat, poultry, egg, and milk processors, but it's not required. If eligible organizations are submitting a joint application, they must determine which business or organization will have the grant contract agreement with the MDA and work directly with the MDA to meet grant reporting requirements. Note that this organization will receive a 1099 from the State of Minnesota for income tax purposes.

All applicants are strongly encouraged to provide letters from farmers who are directly impacted by the project.

Eligible projects and expenses

Projects must:

- Aim to increase sales of Minnesota livestock products by increasing production capacity, diversifying markets, or increasing market access for meat, poultry, egg, and milk products.
- Include matching funds from non-State sources; see the [Matching Funds](#) section.
- Not start until the grant contract agreement is signed by all parties and has reached its start date. No purchasing or contracting of goods and services may occur prior to the full execution of the grant contract agreement or start date, whichever is later.
- Be completed in three years or less. Grant contract agreements cannot be extended beyond three years.
- Be conducted in Minnesota.

Project examples include but are not limited to:

- Purchase and installation of equipment used in the processing of meat, poultry, eggs, or milk
- Contractor costs and materials for installation of approved equipment, including plumbing, drainage, venting, and electrical work
- Cooler walls and refrigeration units
- Portion cutters
- Livestock slaughter equipment such as cradles, saws, hooks, scalders, or sinks
- Equipment or facilities to accommodate holding a larger number of animals in a humane manner (fences, gates, chutes)
- Creamery or milk product processing equipment
- Grading, packing, labeling, packaging, or sorting equipment
- Egg sanitizing, candling, drying, and grading equipment
- Equipment that helps to maintain the identity and traceability of products
- Processing equipment or physical improvements to a processing facility to reduce food safety risks

Ineligible expenses

Ineligible expenses include but are not limited to:

- Expenditures incurred prior to the full execution of the grant contract agreement or its start date, whichever occurs later, or those incurred after the expiration of the grant contract agreement
- Land purchases
- General use equipment
- Equipment and facilities used for agriculture plant or livestock production. Examples include watering systems, harvesting equipment, and equipment or facilities used for livestock care and feeding. This type of equipment may be eligible for the [AGRI Livestock Investment Program Grant](#).
- Supplies, consumables, ingredients, and items that are not reusable
- Beginning inventory costs, start-up costs, beginning working capital costs, and license fees
- Indirect costs (expenses of doing business that are not readily identified with the project)
- Owner and employee wages and benefits. Contact MDA staff for exceptions.
- Feasibility studies
- Construction or expansion of a restaurant or grocery store and restaurant equipment or furniture. Grocery store equipment may be eligible for a [Good Food Access Program Grant](#).
- Construction outside of the state of Minnesota
- Advertising, public relations, entertainment, and amusement costs
- Donated or volunteer (in-kind) services from the applicant. While these may be given by professional and technical personnel, consultants, and other skilled and unskilled labor, the value of these services is not an eligible cost.
- Donations and in-kind contributions, including property and services, made by the applicant (regardless of the recipient)
- Fines, penalties, and other settlement expenses resulting from failure of the applicant to follow federal, state, local, or Native American tribal laws and regulations
- Fundraising, including financial campaigns, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions, regardless of the purpose for which the funds will be used
- Taxes, except sales tax on goods and services
- Lobbyists, including costs of membership in organizations substantially engaged in lobbying, and political contributions
- Bad debts, late payment fees, finance charges, legal costs, or contingency funds
- Parking or traffic violations
- Out-of-state transportation and travel expenses. Minnesota will be considered the home state for deciding whether travel is out of state.

Matching funds

The AGRI MPEM Grant is a reimbursement grant. You must supply documentation showing payment for the full cost of the project to receive the awarded reimbursement amount. The minimum award is \$1,000 and the maximum award is \$150,000.

For the match:

- You are responsible for 50% of the first \$50,000 to receive up to a \$25,000 reimbursement.
- For costs after the first \$50,000, you are responsible for 75% of the total remaining cost to receive 25% reimbursement, up to a maximum grant award of \$150,000.

Sources of the matching funds may include cash, loans, other grants, and liquid capital assets dedicated to the project. State grant funds cannot be used as matching funds, but non-forgivable loans from the state may be used as a match.

Example:

A grantee is working on a project that is expected to cost \$400,000. The first \$50,000 of expenses will be reimbursed \$25,000. After that, the grantee would be eligible for \$87,500 from the state and would have to contribute the remaining \$262,500. In total, the grantee would be eligible for \$112,500 from the state and would be responsible for the other \$287,500.

Table 1. Example \$400,000 project showing the reimbursement amount and the grantee's contribution.

Project Cost	Grant Reimbursement	Grantee Cost
First \$50,000	\$25,000	\$25,000
Remaining \$350,000	\$87,500	\$262,500
Total Cost: \$400,000	\$112,500	\$287,500

Application Review Policies

Review process

A review committee, composed of MDA staff and external reviewers, evaluates all eligible applications based on the criteria in the Project Evaluation Profile. Reviewers may recommend whole or partial funding of a project. The commissioner of agriculture reviews the committee recommendations and makes the award decisions. Both the review committee and commissioner may consider geographic distribution, services to prioritized populations, applicant's history as a state grantee, and capacity to perform the work.

The MDA will notify applicants, both successful and unsuccessful, in writing. Applicants may request a summary of reviewer comments.

Conflicts of interest

State grant policy requires that steps and procedures are in place to prevent individual and organizational conflicts of interest, both in reference to applicants and reviewers ([MINN. STAT.16B.98](#) and [Conflict of Interest Policy for State Grant-Making, 2022 \(Word\)](#)).

Organizational conflicts of interest occur when:

- A grantee or applicant is unable or potentially unable to give impartial assistance or advice to the MDA due to competing duties or loyalties.
- A grantee's or applicant's objectivity in carrying out the grant is or might be otherwise impaired due to competing duties or loyalties.

In cases where a conflict of interest is suspected, disclosed, or discovered, the applicant or grantee will be notified and actions may be pursued, including but not limited to disqualification from eligibility for the grant award or termination of the grant agreement.

Privacy notice and data classification

The information provided by an applicant will be used to assess the applicant's eligibility to receive a grant under this program. The decision to apply for this grant is voluntary, and applicants are not legally required to provide any of the requested information. Applicants may decline to complete this application without any legal consequence. However, only completed applications will be considered for a grant; incomplete applications will not be considered.

Data provided in this application is initially classified by the Minnesota Government Data Practices Act as private or nonpublic, although some or all of the data will generally become public at various points of the application process unless the data are otherwise classified by state or federal law. Access to private or nonpublic data is limited to those authorized by law, including but not necessarily limited to MDA staff and contractors with a valid work assignment to access the data, parties authorized by the applicant, parties identified in a valid court order or federal subpoena, Minnesota Management and Budget, Minnesota Department of Administration, the

state auditor, and the legislative auditor. If necessary, the MDA may also share the data with law enforcement or the Office of the Attorney General.

Per Minnesota's statute on grants ([MINN. STAT. 13.599](#)):

- Names and addresses of grant applicants, and the grant amount requested, will be public data once application responses are opened.
- All remaining data in application responses (except for data otherwise classified by law, including trade secret information, see below) becomes public data after the evaluation process is completed (for the purposes of this grant, when all grant agreements have been fully executed).
- All data created or maintained by the MDA as part of the evaluation process (except trade secret information, see below) will generally be public data after the evaluation process is completed.

Procedure for claiming protection of trade secrets:

Trade secret information is classified as not public data. In order to qualify as trade secret information, the data in question must be provided to the MDA by the affected person (i.e. the data must be about the applicant) and otherwise meet the legal definition found in statute ([MINN. STAT. 13.37, subd. 1\(b\)](#)). In order for an applicant to assert trade secret protection for data submitted as part of this application: the applicant must: 1) clearly identify the specific formula, pattern, compilation, program, device, method, technique or process that the applicant believes to be trade secret information; 2) describe what efforts the applicant takes to maintain the secrecy of the data; and 3) adequately explain how the data derive(s) independent economic value from not being generally known to, and not readily ascertainable by proper means by, other persons. Merely asserting trade secret protection does not, in and of itself, classify the data in question as not public; determining what data meet the definition of trade secret information is ultimately the legal responsibility of the MDA, and the MDA cannot guarantee that data identified as trade secret information by an applicant will be classified as such. If the MDA determines that data do not meet the definition of trade secret information, the data in question will be available to the public unless the applicant secures a court order saying otherwise.

All persons, businesses, and individuals applying for grants in the state of Minnesota must comply with applicable laws. Under the law titled Right of Setoff ([MINN. STAT. 270C.65, subd. 3](#)), a grantee consents to disclosure of its social security number, federal employer tax identification number, and/or Minnesota tax identification number, already provided to the State, to federal and state tax agencies, and to state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state tax laws which could result in action requiring a grantee to file state tax returns and pay delinquent state tax liabilities, if any.

Requirements for Grant Recipients

Pre-award financial review

Non-profit organizations

All non-profit organizations applying for grants in the state of Minnesota must undergo a financial review prior to receiving a grant award of \$25,000 and higher.

To comply with [Policy 08-06: Financial Review of Nongovernmental Organizations \(PDF\)](#), applicants may be asked to submit one of the following documents:

- Grant applicants with annual income of under \$50,000, or who have not been in existence long enough to have a completed IRS Form 990 or audit, should submit their most recent board-reviewed financial statements.
- Grant applicants with total annual revenue of \$50,000 or more and less than \$750,000 should submit their most recent IRS Form 990.
- Grant applicants with total annual revenue of over \$750,000 should submit their most recent certified financial audit.

The MDA will also verify that each non-profit organization is In Good Standing with the [Minnesota Secretary of State](#) (MINN. STAT. 317A or other applicable law), and appropriately registered with the [Attorney General's Office](#).

Consistent with the Attorney General's Office policy, non-profit organizations must be registered with the Attorney General's Office if they meet one of the following three conditions, unless otherwise exempt (MINN. STAT. 309.515):

- the charity receives or plans to receive more than \$25,000 in total contributions during its accounting year, or
- the charity's functions and activities, including fundraising, are not performed wholly by volunteers, or
- the charity utilizes a professional fundraiser.

Non-profit grantees that are not In Good Standing with the Minnesota Secretary of State and appropriately registered with the Attorney General's Office are not eligible to receive grant contract agreements unless approved by the MDA.

Individuals

All individuals selected for a grant award over \$100,000 must submit a [Form REV 185i \(PDF\)](#) at the time of grant award notification. This form gives the Minnesota Department of Revenue permission to inform the MDA if the grantee owes any back taxes.

Individuals will also need to certify that they have not been convicted of a felony financial crime related to a state grant agreement.

For-profit businesses

All for-profit businesses selected for a grant award over \$100,000 must submit a [Form REV185b \(PDF\)](#) at the time of grant award notification. This form gives the Minnesota Department of Revenue permission to inform the MDA if the grantee owes any back taxes.

The MDA will also verify that all for-profit businesses are In Good Standing with the Minnesota Secretary of State (MINN. STAT. 317A or other applicable law).

Contracts after January 15, 2024

During the 2023 legislative session, the Minnesota Legislature adopted new grant administration provisions (Laws of Minnesota 2023, chapter 62, article 7, section 11). Many of these new provisions will go into effect on January 15, 2024. Grantees should understand that additional requirements may be placed on grant contract agreements that are fully executed on or after January 15, 2024.

Grantees who sign contracts after the effective date of these new provisions will be subject to additional pre-award review requirements. These may include, but are not limited to, the MDA reviewing the grantee's performance history, specified financial documents (such as federal and state tax returns, current financial statements, certification that the business is not under bankruptcy proceedings, and disclosure of any liens on its assets), and audit reports. All grantees will also need to certify that they and their principals have not had any criminal convictions for felony financial crimes in the last ten years.

Accountability and reporting

Follow-up surveys help the MDA determine the long-term impacts of the grant. Grantees must respond to requests for follow-up information for three years beyond the term of the grant agreement. Failure to respond to these promptly may affect a grantee's ability to secure future funding from the MDA.

Grant award agreement and payments

Grant contract agreement templates are available for review on the [Office of Grants Management Forms and FAQs](#) webpage.

Upon approval of an application and before beginning work on the grant project(s) and receiving reimbursements, the applicant must:

1. Complete an IRS W-9 form or register as a vendor in SWIFT, the state's accounting system, or confirm that the information in SWIFT is still correct.
2. Submit other required documentation within 30 days of award notification.
3. If a for-profit business or individual receiving a grant award over \$100,000, complete a Minnesota Department of Revenue Form REV185b (for businesses) or a Form REV185i (for individuals).
4. If a non-profit organization receiving an award over \$25,000, submit documentation to meet the pre-award financial review requirements.
5. Sign a grant contract agreement showing their intention to complete the proposed tasks. The agreement also authorizes the MDA to monitor the progress of the project. This agreement must be signed within 30 days of being sent to the grantee.

Eligible expenses may only be incurred after the contract has been signed by all parties. Applicants should anticipate that grant contracts will have an end date in late 2026 or early 2027 and may not be extended.

Grant funds are dispersed on a reimbursement basis. All grantee requests for reimbursement must correspond to the approved grant budget. To receive grant payments, grantees must provide proof that grant project work has been done by submitting details of each purchase on receipts or invoices, and proof that the vendors have been paid. Annual progress reports are required to be submitted during the duration of the project. Grant payments shall not be made on grants with past due progress reports unless the MDA has given the grantee a written extension.

Site visits and financial reconciliations

The grant agreement allows the MDA to monitor the progress of the project. The MDA will perform a monitoring visit for all grantees with awards of more than \$25,000 before a final payment is approved. Other grantees may receive monitoring visits at the discretion of the MDA.

The MDA will perform a financial reconciliation of at least one invoice on grants greater than or equal to \$50,000; financial reconciliation may be performed on additional payment requests at the discretion of the MDA. For this purpose, the grantee must provide expense receipts, employee timesheets, invoices, and any other supporting documents requested by the State.

Bidding requirements

All funded applicants will be required to abide by the state's bidding requirements for larger purchases. See a detailed list of the state's [bidding requirements](#) for details.

Affirmative action and non-discrimination policy

The grantee agrees not to discriminate against any employee or applicant for employment because of race, color, creed, religion, national origin, sex, marital status, status in regard to public assistance, membership or activity in a local commission, disability, sexual orientation, or age in regard to any position for which the employee or applicant for employment is qualified ([MINN. STAT. 363A.02](#)). The grantee agrees to take affirmative steps to employ, advance in employment, upgrade, train, and recruit minority persons, women, and persons with disabilities.

The grantee must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The grantee agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship ([Minnesota Rules, part 5000.3500](#)).

The grantee agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the [Minnesota Human Rights Act](#).

Audits of project

The grantee's books, records, documents, and accounting procedures and practices of the grantee or other party that are relevant to the grant or transaction are subject to examination by the granting agency and either the legislative auditor or the state auditor, as appropriate ([MINN. STAT. 16B.98, subd. 8](#)). This requirement will last for a minimum of six years from the grant agreement end date, receipt, and approval of all final reports, or the required period of time to satisfy all state and program retention requirements, whichever is later.

Voter registration requirement

The grantee will provide voter registration services for its employees ([MINN. STAT. 201.162](#)).

AGRI Background and Program Goals

The Agricultural Growth, Research, and Innovation Program (AGRI) was established to advance Minnesota's agricultural and renewable energy industries ([MINN. STAT. 41A.12](#)). AGRI has made significant economic impacts by increasing productivity, improving efficiency, and assisting the development of agricultural products. The primary goal of the AGRI MPEM is to increase sales of Minnesota-raised livestock products by investing in equipment and physical improvements that support processing, capacity, market diversification, and market access.

Project Evaluation Profile

Evaluation criteria	Maximum score
Project addresses goals of the AGRI MPEM Grant	Yes or No
Business readiness, financial sustainability, and experience <ul style="list-style-type: none"> • Applicant demonstrates sound business management, financial aptitude, and stability. • Applicant describes the financial benefit of doing the grant project. 	20
Impact on Minnesota agriculture <ul style="list-style-type: none"> • Plan to increase processing of Minnesota-raised livestock products is achievable. • Expected amount of Minnesota-raised livestock processing capacity is realistic. • Project meaningfully adds resiliency in the supply chain. • Impact is appropriate for the size of the budget request. 	25
Priority areas <ul style="list-style-type: none"> • Project expands Minnesota’s meat and poultry slaughter capacity. • Applicant provides plans on intent to process and sell product in Halal or Kosher markets. • Applicant clearly and compellingly describes how the project contributes to a food safety plan or increases food safety. 	10
Measurable outcomes <ul style="list-style-type: none"> • Objectives of project are measurable and clearly stated. • Applicant describes how the project will achieve objectives of the grant program and benefit the business. 	10
Project plan – workplan and timeline <ul style="list-style-type: none"> • Workplan is thorough and realistic. • A detailed description of each step of the grant project is provided with estimated dates. 	10
Budget narrative and match <ul style="list-style-type: none"> • Budget clearly details all project costs. • Budget estimates are clearly based on vendor quotes and market research. • Budget clearly explains source and amount of applicant’s funds (cash match). • Budget is cost effective and planned purchases are backed by quotes or other sources. 	15
Diversity, equity, and inclusion <ul style="list-style-type: none"> • Applicant’s operation is owned by individuals in historically underserved communities or historically underserved communities are reflected in the operation’s priorities. Historically underserved communities include businesses owned by women, veterans, persons with disabilities, American Indian or Alaskan Natives, members of a community of color, young people, and people who are lesbian, gay, bisexual, transgender, queer, intersex, or asexual (LGBTQIA+). 	10

Application Questions

Contact information

Applicant information

- Point of contact name
- Point of contact telephone
- Point of contact email
- Organization name
- Organization mailing address
- Organization county
- Organization telephone
- Organization email
- Minnesota State House District (use the [District Finder](#) if you don't know your district.)

Authorized Representative

- If awarded a grant, is the person authorized to sign contracts on behalf of the organization the same as the Point of Contact person listed above? (Yes or No)
 - If no, please provide the following Authorized Representative information for signing any resulting grant contract agreement:
 - Name
 - Telephone
 - Email

Eligibility

- Confirm that the following statements apply to your application. For this application, the grant recipient (organization, business, or individual) is the applicant.
 - The applicant does not owe the State of Minnesota any back taxes and has not defaulted on any State of Minnesota backed financing in the last seven years. (True or False)
 - The applicant is compliant with current state regulations, or this project will support the organization becoming compliant. (True or False)
- Are any of the principals of the applicant an employee of the MDA or spouse of an MDA employee? (Yes or No)
 - If yes, briefly describe the individual's role with the MDA and their relationship with the applicant and organization. (500 characters, including spaces)
- The MDA is unable to reimburse for any work that is performed prior to the start date of the contract. Has work started on your proposed project or will work start before the grant contract agreement is signed by all parties? (Yes or No)

Previous AGRI grants

- Have you previously received an AGRI Value-Added Grant; AGRI Meat, Poultry, Egg, and Milk Processing Grant; or Rapid Response Grant for Livestock Processing? (Yes or No)
 - If yes, briefly describe your previous grant project(s), including date(s) and amount(s) awarded. (1,000 characters, including spaces)

Project summary

Grant request

- Project name
- Total project cost
- Total grant request (The first \$25,000 requires a one-to-one match; afterwards a three-to-one match.) Maximum \$150,000, minimum \$1,000.
- Expected project start date
 - Must be after both you and the State of Minnesota sign the contract.
 - Award notification is in mid-December and contracts may be signed as early as January.
 - You may not order equipment until after the grant contract agreement is signed.
- Expected project end date
 - Contracts may last a full three years from the start date.
 - You will have up to two months after your contract end date to submit for a reimbursement.
 - All items and services must be paid for and installed by the end date of the contract.

Project description

- Provide a brief description of your project outlining what you plan to purchase and why. Limit your description to three sentences. (500 characters, including spaces)

Business readiness and financial sustainability

Organization summary

- Provide a summary of your organization (2,000 characters, including spaces). The summary should stand alone to describe:
 - The mission and goals of your organization
 - The services and products provided by your organization
 - The ownership and leadership of your organization

Business plan summary

- Provide a summary of your business plan. (2,000 characters, including spaces)
 - Describe the financial health and cash flow of your organization over the past year.
 - Explain how your organization is looking to grow or remain competitive.
 - Tell us how this project fits into your business plan and how this project will financially benefit your organization.

Business plan submission

- If you're requesting a grant of \$100,000 or more, you must submit your full business plan. This is optional if you are requesting less than \$100,000.
 - Redact confidential information and trade secrets included in your business plan.

Business readiness letters (optional)

- Submit letters of support written by:
 - Financial or business contacts that can attest to your organization's sound business management, financial aptitude, and stability
 - Contacts in your meat, poultry, egg, and milk profession or previous co-workers who can verify you have the experience or skills necessary to successfully complete the project

Impact on Minnesota agriculture

Livestock and poultry slaughterers

(For the purpose of this grant, slaughter is defined as euthanizing an animal and preparing the carcass of the animal for edible purposes.)

- Does your organization slaughter livestock or poultry? (Yes or No)
 - If yes, how will the number of livestock and poultry you can slaughter change because of this grant project? Please provide before and after estimate, by species. (2,000 characters, including spaces)

Example: In 2022, we were able to slaughter five head of beef and 20 hogs per week. After we complete the grant project in August 2024, we estimate we can slaughter 10 beef and 30 hogs per week.

Meat and poultry further processors

(In these questions, we are not referring to slaughter. We are asking about processing beyond primal cuts or carcass breakdown, including cutting, grinding, smoking, cooking, canning, curing, refining, or rendering.)

- Does your organization further process meat or poultry? (Yes or No)
 - If yes, how will the quantity of meat and poultry you can further process change because of this grant project? Include before and after estimate, by species. (2,000 characters, including spaces)

Example 1: In 2022, we could process approximately 60 sides of beef per week and 120 whole hogs. After the grant, we expect to increase to 80 sides of beef and 160 whole hogs. We will also be increasing our capacity to smoke meat; smoked meats are a higher value product.

Example 2: We plan to increase our production from 1,500 pounds of meat products per week to 2,500 pounds per week.

Egg processors

- Does your organization process eggs? (Yes or No)
 - If yes, how will the project increase your ability to process egg products? Include before and after estimates. (2,000 characters, including spaces)

Example: Last year, we were able to process 25 dozen eggs per day from two farms. Afterwards, we will be able to process 40 dozen eggs per day from four farms.

Milk processors

- Does your organization process milk or milk products? (Yes or No)
 - If yes, how will the project increase your ability to process milk and milk products? Include before and after estimates. (2,000 characters, including spaces)

Example: Last year, we were able to process 500,000 cwt from 120 farms. Afterwards, we will be able to process 750,000 cwt from 130 farms. As a part of that, we'll go from processing 50,000 pounds of cheese to 75,000 pounds of cheese.

Increasing sales

- Describe how your project will increase usage of other Minnesota agricultural products, if applicable (e.g., wild rice in sausages). (500 characters including spaces)
- Describe how this project plans to increase the sales of Minnesota livestock products. Compare the total dollar value of Minnesota agricultural products used by your business between January 1, 2022, and December 31, 2022, to an estimate of the dollar value of sales of Minnesota livestock products the first calendar year after your project is complete. (2,000 characters, including spaces)
- Estimate how this project will impact your gross revenue. (2,000 characters, including spaces)

Sources of Minnesota products

- List your current or anticipated sources of Minnesota agricultural products, and the estimated amount by year. (2,000 characters, including spaces)

Example: Vista Acres Cattle, New Ulm, MN (2022 – 50 beef); Happy Hogs Processing, Inc., Thief River Falls, MN (2022 – 1,500 pork bellies); dairy farmers, SE Minnesota (2022 – 15,000 cwt, 20 producers)

Market outlets

- Estimate the number of market outlets used by your organization between January 1, 2022, and December 31, 2022. Examples of market outlets include wholesale distributors, direct-to-consumer channels, retail stores, and farmers markets. (2,000 characters, including spaces)

Market expansion and diversification

- Describe how the project plans to diversify markets and increase market access. (2,000 characters, including spaces)
 - If you expect to increase the number or types of market outlets from this project, estimate the increase(s) and explain how the project will achieve these goals.

Example: In 2022, we sold to three restaurants and with the grant we expect to be able to sell to eight restaurants.

Priority areas

- Does your organization intend to process and sell product in Halal or Kosher markets? (Yes or No)
 - If yes, explain how you plan to do this. (1,000 characters, including spaces)
- Does your project contribute to a food safety plan or improve food safety? (Yes or No)
 - If yes, describe how the project contributes to a food safety plan or improves food safety. (500 characters, including spaces)

Measurable outcomes

- Describe how you plan to measure the outcomes of your project including impact on your organization, increased sale of Minnesota agricultural products, and number of market outlets. (1,000 characters, including spaces)

Agricultural impact letters (optional)

- (Optional, but strongly encouraged.) Submit letters of support written by:
 - Current or potential sources of Minnesota raised and grown products
 - Current or potential buyers expressing support for the project
 - Organizations citing the potential of your project to impact many farmers

Project plan

Workplan and timeline

- Create a workplan using the example format shown below. You should include the steps that you will take to successfully complete your project. For example, you might include target dates for requesting quotes, installing and testing equipment, and full launch of the equipment. You may also upload a workplan as an Excel or Word file.

Example:

Timeframe	Description of task or action item	Responsible party
<i>April 2024</i>	<i>Request bids for cheesemaker</i>	<i>Project director</i>
<i>May 2024</i>	<i>Sign contract with Cheese Marketers Association</i>	<i>CEO</i>

Budget narrative and match

Budget

- Create a budget using the example format below. We prefer an uploaded Excel or Word file but you may use the space in this online application if needed. Don't attach bid sheets or quotes from vendors instead of a budget in this format. If specific contractors are named in your application, you won't need to use a formal bidding process, which can save you time and effort later.

Example:

Item	Quantity	Cost per Unit	Total Estimate	Source of Estimate
<i>Pasteurizer</i>	1	\$15,000	\$15,000	<i>Cheesy Equipment Dealers</i>
<i>Contractor Hours</i>	50	\$100	\$5,000	<i>Cheese Marketers Association</i>
Total			\$20,000	

Budget narrative

- Justify your budget and explain how you plan to pay for your project. (2,000 characters, including spaces)
 - Explain how the equipment and services in the budget table will help you slaughter or process more Minnesota livestock products or diversify or expand your market outlets.
 - Explain how you plan to pay for your project (financing, other grants, private investment, personal investment, or organization funds, etc.). Other state grant funds cannot be used to pay for this project, but non-forgivable loans from the state may be used as a match.

Documents showing project costs and ability to pay for project (optional)

- Submit documents such as:
 - Quotes or estimates from businesses for equipment or services.
 - Letters of commitment written by financial institutions or other organizations that will be providing funding through loans or credit.
 - Letters from your financial institutions indicating you have sufficient cash reserves to fund this project.

Diversity, equity, and inclusion

- This grant program prioritizes businesses that are owned by or serve historically underserved communities, including businesses owned by women, veterans, persons with disabilities, American Indian or Alaskan Natives, members of a community of color, young people, and people who are lesbian, gay, bisexual, transgender, queer, intersex, or asexual (LGBTQIA+). Does your organization reflect these priorities? (Yes or No)
 - If yes, explain how these priorities are reflected in your organization. (2,000 characters, including spaces)
