Tusaalooyinka dukumentiyada laga yaabo in la dalbado waxaa ka mid ah canshuur celinta federaalka iyo gobolka iyo bayaanka maaliyadeed (ee codsabayaasha faa'iido doonka ah), ama bayaannada maaliyadeed ee

ugu dambeeyay ee guddiga uu dib u eegay, foomka IRS 990, ama kormeerka maaliyadeed ee shahaadaysan ee ugu dambeeyay (ee hay'adaha aan faa'iido doonka ahayn).

Haddii MDA ay go'aamiso in deeq bixiyaha leeyahay khataro weyn oo wiiqaya awooddiisa uu ku fulin karo waajibaadka looga baahan yahay heshiiska deeqda, MDA waxay yeelan kartaa mid ka mid ah tallaabooyinkan: waxay codsan kartaa macluumaad dheeraad ah si loo xaliyo walaacyada, waxay horumarin kartaa qorshe lagu yareynayo khatarta si loo ilaaliyo danaha dawladda, ama waxay go'aansan kartaa inaan la siin deeqda.

Iska hor imaadyada danaha

Siyaasadda deeqaha gobolka waxay u baahan tahay in tallaabooyin iyo habraacyo la dhiso si looga hortago iska hor imaadyada danaha ee shaqsiga iyo hay'adaha, labadaba—ee la xiriira codsabayaasha iyo dib-u-eegayaasha Siyaasadda Iska Hor Imaadka Danaha ee Deeqaha Gobolka ([MINN. STAT. 16B.98 Subd. 2-3](#) iyo [OGM Policy 08-01 Conflict of Interest in State Grant-Making Policy](#)).

Iska hor imaad hay'adeed wuxuu dhacaa marka:

- Codsade ama deeq-bixiye uusan awoodin ama laga yaabo inuusan awoodin inuu bixiyo gargaar ama talo madax-bannaan oo uu siiyo waaxda sababo la xiriira waajibaadyo ama daacadnimooyin isku dhafan.
- Ujeeddada deeq-bixiyaha ama codsadaha ee fulinta deeqda ay tahay ama laga yaabo inay noqoto mid wiiqanta sabab la xiriirta waajibaadyo ama daacadnimooyin kale.

Tusaale iska hor imaad danaha ah waa marka iibiyaha ama qaybiyaha uu qoro codsi deeq ah oo uu u qorayo codsadaha halka iibiyuhu uu ka faa'iidi doono abaalmarinta deeqda.

Xaaladaha ay jirto su'aal ama la shaaciyay iska hor imaad danta ah, codsabayaasha ama deeq-bixiyeyaasha waa la ogeysiin doonaa waxaana la qaadi karaa tallaabooyin ay ka mid yihiin, laakiin aan ku xaddidnayn, dib u habaynta qorshaha shaqada ee deeqda ama waajibaadka deeq-bixiyaha si loo yareeyo khatarta, codsashada in codsadaha keeno qorshe lagu yareynayo iska hor imaadka danta hay'adeed, ka saaridda u-qalanka deeqda, wax-ka-beddelka deeqda, ama joojinta heshiiska deeqda.

Ogeysiiska asturnaanta iyo kala soocidda xogta

Macluumaadka uu bixiyo codsadaha waxaa loo isticmaali doonaa in lagu qiimeeyo u-qalanka codsadaha ee helitaanka deeqdan barnaamijkan hoostiisa. Go'aanka lagu codsanayo deeqdan waa mid ikhtiyaari ah, mana jirto waajibaad sharci ah oo ku khasbaya codsabayaasha inay bixiyaan macluumaadka la codsaday.

Codsabayaashu way diidi karaan inay buuxiyaan codsigan iyagoo aan la kulmayn cawaaqib sharci ah. Si kastaba ha ahaatee, kaliya codsiyada buuxa ayaa la tixgelin doonaa; codsiyada aan dhammaystirnayn lama tixgelin doono.

Xogta lagu bixiyo codsigan waxaa markii hore loo kala saaraa sida xog gaar ah ama aan guud ahayn sida uu dhigayo Xeerka Habraacyada Xogta ee Minnesota, inkastoo qayb ka mid ah ama dhammaan xogta guud ahaan ay noqon doonto xog dadweyne waqtiyo kala duwan oo ka mid ah habka codsiga ilaa haddii aysan si kale u qeexin sharci dowladeed ama federaal ah. Helitaanka xogta gaarka ah ama aan guudka ahayn waxaa loo xadiday kuwa uu sharci oggol yahay, kuwaas oo ay ku jiraan shaqaalaha MDA iyo qandaraasleyaasha leh shaqo sharci ah oo ay ku heli karaan xogta, dhinacyada uu codsaduho oggolaaday, dhinacyada lagu magacaabay amar maxkamadeed ama warqad maxkamadeed federaal ah, Minnesota Management and Budget, Minnesota

Department of Administration, kormeeraha guud ee gobolka, iyo kormeeraha sharci-dejinta. Haddii loo baahdo, MDA waxay xogta la wadaagi kartaa booliska ama Xafiiska Xeer Ilaaliyaha Guud.

Iyadoo la raacayo sharciga Minnesota ee deeqaha ([MINN. STAT. 13.599](#)):

- Magacyada iyo cinwaanada codsadayaasha deeqda, iyo qadarka deeqda la codsaday, waxay noqon doonaan xog dadweyne marka codsiyada la furo.
- Dhammaan xogta kale ee ku jirta jawaabaha codsiyada (marka laga reebo xogta si kale sharci ahaan loo kala saaray, oo ay ku jirto xogta sirta ganacsiga) waxay noqoneysaa xog dadweyne marka habka qiimeynta la dhammaystiro (ee deeqdan, marka dhammaan heshiisyada deeqaha si buuxda loo fuliyo)
- Dhammaan xogta ay MDA abuurto ama kaydiso qayb ka ah habka qiimeynta (marka laga reebo xogta sirta ganacsiga) guud ahaan waxay noqon doontaa xog dadweyne marka qiimeynta la dhammaystiro.

Habraaca sheegashada ilaalinta xogta sirta ganacsiga:

Xogta sirta ganacsiga waxaa loo kala saaraa xog aan guud ahayn. Si xogta u noqoto xog sir ah, waa in xogta ay bixiso qofka ay khusayso (tusaale, xogta waa inay ka hadlaysaa codsadaha) isla markaana ay buuxiso qeexitaanka sharciga “Right of Setoff” ([MINN. STAT. 13.37, subd. 1\(b\)](#)). Si codsade uu u dalbado ilaalinta xogta sirta ganacsiga ee qayb ka ah codsigan: waa inuu 1) si cad u aqoonsadaa qaacidada, qaabka, ururinta, barnaamijka, qalabka, habka, farsamada ama nidaamka uu rumeysan yahay inuu yahay xog sir ah; 2) sharaxaa dadaallada uu codsadaha u sameeyo ilaalinta sirta xogta; iyo 3) si ku filan u sharaxaa sida xogtu u leedahay qiime dhaqaale oo madax-bannaan sababtoo ah aan si guud loo aqoon ama aan si fudud loo heli karin. Kaliya sheegashada in xogtu tahay “sir ganacsi” ma dhigeysa sharci ahaan in xogtaas la kala saaro sida aan guud ahayn; go’aaminta waxa loo tixgelinayo xog sir ganacsi waa masuuliyad sharci oo MDA ah, waana mid MDA aysan dammaanad qaadi karin. Haddii MDA ay go’aamiso in xogtu aysan buuxin qeexitaanka xogta sirta ganacsiga, xogtaas waa laga heli doonaa dadweynaha ilaa codsaduhu helo amar maxkamadeed oo si kale ah.

Dhammaan dadka, ganacsiyada, iyo shakhsiyaadka codsada deeqaha ee gobolka Minnesota waa inay u hoggaansamaan sharciyada khuseeya. Sida uu dhigayo sharciga ([MINN. STAT. 270C.65, subd. 3](#)), deeq-bixiyaha wuxuu oggolaanayaa in la shaaciyo lambarkiisa aqoonsiga bulshada (Social Security Number), lambarka aqoonsiga canshuuraha federaalka ama Minnesota ee hore loo siiyay dawladda, loona gudbiyo hay’adaha canshuuraha ee federaalka iyo gobolka, iyo shaqaalaha dawladda ee ku lugta leh bixinta lacagaha waajibaadka gobolka. Lambarradan aqoonsiga waxaa loo isticmaali karaa fulinta sharciyada canshuuraha ee federaalka iyo gobolka, taasoo keeni karta in deeq-bixiyaha lagu qasbo inuu soo gudbiyo canshuur celinta gobolka iyo bixinta canshuuraha gobolka ee dib u dhacay haddii ay jiraan.

Shuruudaha uu ku Qasban Yahay Deeq Qaataha

Heshiisyada Qandaraaska Deeqda

Qof kasta oo deeq helo waa inuu si rasmi ah u galaa heshiis qandaraas oo deeq ah. Heshiiskan qandaraaska deeqda wuxuu ka hadlayaa shuruudaha abaalmarinta, oo ay ku jirto fulinta mashruuca. Qaataha deeqda waa inuu akhriyaa heshiiska qandaraaska deeqda, saxiixaa, kadibna marka la saxiixo waa inuu u hoggaansamaa dhammaan shuruudaha ku jira heshiiskaas. Shaqo kasta oo la xiriirta mashruuca deeqda lama bilaabi karo ilaa

heshiiska qandaraaska deeqda si buuxda loo dhaqan geliyo lana ogeysiyo qaataha deeqda in shaqadu bilaaban karto. Codsadaha la maalgeliyay ayaa si sharci ah mas'uul uga noqon doona fulinta qorshaha shaqada iyo u hoggaansanaanta dhammaan shuruudaha dowladeed iyo federaal ee khuseeya, oo ay ku jiraan caymiska magdhawga shaqaalaha, caddaalad darrada shaqaalaysiinta (nondiscrimination), asturnaanta xogta, waafaqsanaanta miisaaniyadda, iyo warbixinta.

Marka codsiga la ansixiyo, lana dhammaystiro dib u eegista awoodda qaataha deeqda inta aan la bilaabin mashruuca iyo in la helo lacag celin, codsadaha la xusho waa inuu:

- Buuxiyaa foomka IRS W-9 ama isdiwaangeliyaa inuu yahay iibiyaha (vendor) nidaamka xisaabaadka gobolka ee SWIFT, ama xaqiijiyaa in xogta ku jirta SWIFT ay sax tahay.
- Soo gudbiyaa dukumentiyada iyo shahaadooyinka kale ee la codsaday 21 maalmood gudahood laga bilaabo ogeysiinta abaalmarinta.
- Saxiixaa heshiiska qandaraaska deeqda si uu u muujiyo damaciisa ah inuu dhammaystiro howlaha lagu qorsheeyay 21 maalmood gudahood markii loo soo diro. Haddii heshiiska aan la saxiixin 21 maalmood gudahood, abaalmarinta waa laga noqon karaa.

Mas'uuliyadda iyo Shuruudaha Warbixinta

Waxaa siyaasadda Gobolka Minnesota ah in la kormeero horumarka deeqaha gobolka iyadoo lagu khasbayo qaataha deeqda inuu soo gudbiyo warbixino qoraal ah oo horumar ah ugu yaraan sanadkiiba hal mar ilaa dhammaan lacagaha deeqda la isticmaalo oo dhammaan shuruudaha heshiiska qandaraaska deeqda la fuliyo.

Qaataha deeqda waa inuu soo gudbiyaa warbixin sanadle ah sanad kasta oo deeqda socoto, muddada kama dambaysta ah ee warbixintaasna waxaa lagu caddeyn doonaa heshiiska abaalmarinta. Warbixin kama dambays ah waa in la soo gudbiyaa ka hor inta aan la helin lacagta kama dambaysta ah. Warbixinnada sanadlaha iyo kuwa kama dambaysta ah waa inay ku jiraan soo koobid natiijooyinka mashruuca ilaa waqtigaas, saamaynta barnaamijka deeqda, iyo saddex ilaa shan sawir oo mashruuca laga qaaday.

MDA waxay sameysaa sahanno dabagal ah si ay u ogaato saameynta muddada fog ee deeqda. Qaataha deeqda waa inuu ka jawaabaa codsiyada xog-dabagalka muddo saddex sano ah ka dib marka heshiiska deeqda dhammaado.

MDA waxay xaq u leedahay inay wax ka beddesho shuruudaha warbixinta inta lagu jiro muddada deeqda. Lacag bixinta lama samayn doono haddii warbixinnada hore ay daahsan yihiin ilaa MDA ay siiso qoraal oggolaansho ah oo kordhinaya waqtiga.

Xogta lagu bixiyo warbixin kasta ama sahamin waxaa loo tixgelin doonaa xog dadweyne. Haddii aan si joogto ah loo soo gudbin warbixin, ama aan laga jawaabin sahanno iyo codsiyo xogeed si dhakhso ah, waxay saameyn kartaa fursadda qaataha deeqda ee mustaqbalka ee helitaanka maalgelin kale oo MDA ah.

Kormeerka

Heshiiska qandaraaska deeqda wuxuu siinayaa MDA awood ay ku kormeerto horumarka mashruuca. MDA waxay samayn doontaa booqasho kormeer ah dhammaan deeq-bixiyeyaasha helay \$25,000 ama ka badan ka hor inta aan la ansixin lacagta kama dambaysta ah. Deeq-bixiyeyaasha kale waxaa lagu booqan karaa kormeer iyadoo lagu salaynayo go'aanka MDA.

Lacag-bixinta

Kharashaadka la aqbali karo waa in la sameeyaa oo keliya marka heshiiska qandaraaska deeqda ay dhammaan dhinacyada saxiixaan.

Lacagaha deeqda waxaa lagu bixiyaa qaab lacag-celin ah sida uu dhigayo [Xeerka Gobolka Minnesota ee Siyaasadda Lacag-bixinta Deeqaha](#). Dhammaan codsiyada lacag celinta waa inay waafaqaan miisaaniyadda deeqda ee la ansixiyay. Dawladda waxay dib u eegi doontaa codsi kasta oo lacag celin ah iyadoo tixgelinaysa miisaaniyadda la oggolaaday, kharashaadka la bixiyay ilaa waqtigaas, iyo warbixinta ugu dambeysay ee horumarka deeqda ka hor inta aan la oggolaan bixinta.

Lacag bixinta deeqda lama samayn doono haddii warbixinnada horumarka hore ay daahsan yihiin ilaa Waaxda Beeraha ee Minnesota ay siiso qaataha deeqda oggolaansho qoraal ah oo kordhinaya waqtiga. Codsiyada waa in lagu daraa laba nooc oo caddayn ah kharash kasta: 1. caddaynta iibka (tusaale ahaan, qaansheegad, rasiid faahfaahsan, iwm) iyo 2. caddaynta bixinta lacagta (tusaale ahaan, jeeg la xaqiijiyay, bayaanka kaarka deynta, bayaanka bangiga, iwm). Dukumentiyada waa in lagu daraa qaansheegta waqtiga la gudbinayo codsiga lacag celinta. Isbarbardhig maaliyadeed ayaa la samayn doonaa, codsiyada dheeraadka ahna waa in la gudbiyaa ka hor inta aan lacagta la soo celin. Faahfaahin dheeraad ah waxaa laga heli karaa [Hagaha Lacag Celinta ee MDA \(PDF\)](#). MDA guud ahaan ma bixiso kharashyo lagu bixiyay lacag caddaan ah. Fadlan la xiriir MDA haddii ay jiraan xaalado gaar ah.

MDA waxay hayn kartaa ilaa 10% wadarta guud ee abaalmarinta ilaa iyo inta la helo warbixin kama dambays ah oo la aqbali karo isla markaana waqtigeeda la keenay, iyadoo lagu qorayo qaabka ay MDA tilmaantay.
